

Gideon Davinsky, GIS & Spatial Analyst

Madrid, Spain · +34 652 628 678 · gideondavinsky@gmail.com · linkedin.com/in/gideon-davinsky

PROFILE

Junior GIS analyst with hands-on experience in municipal-scale spatial analysis at the City of Madrid, specializing in accessibility modelling, environmental data processing, and geospatial reporting for policy decision-making. Proficient in ArcGIS Pro, QGIS, Network Analyst and Python for spatial workflow automation. Bilingual English–Spanish. Invited to present research at the City of Madrid Jornada de Geodatos, November 2026.

AREAS OF EXPERTISE

ArcGIS Pro	Python (ArcPy, GeoPandas)
Network Analysis	ArcGIS Enterprise
Geodatabase management	ArcGIS Online (Survey 123, Experience Builder)
QGIS	Microsoft Excel
R	GTFS
GRASS	GDAL

EMPLOYMENT HISTORY

- Apr 2026 — Jul 2026 **GIS & Spatial Data Analyst — Internship,**
City of Madrid Urban Information and Innovation Unit Madrid, Spain
Collected, processed, and integrated municipal spatial datasets including road networks, land morphology, building footprints, and environmental variables. Built a Seasonal Pedestrian Accessibility Index classifying 45,000+ street segments across Madrid's full municipal road network, integrating slope, solar radiation and sidewalk geometry data. Conducted NDVI change detection analysis using multitemporal Landsat imagery over Parque del Retiro to assess urban green cover. Executed a multicriteria suitability analysis for new urban tree pit locations, integrating shadow, slope and land cover layers.
- Developed Python scripts to automate geospatial workflows and spatial index calculations across the municipal network.
 - Worked in ArcGIS Enterprise environment including Server, Portal and enterprise geodatabase.
 - Invited to present research findings at the City of Madrid Jornada de Geodatos, November 2026.
- Aug 2021 — Dec 2021 **Research and Policy Analyst— Internship,**
CARE International– Corporate Partnerships Team Washington, D.C., USA
Conducted socioeconomic and supply chain data analysis across multiple West African countries. Produced a sector-wide report that informed CARE's position paper for the European Commission. Developed geospatial maps of CARE's intervention programs in West Africa for donor presentations.
- Compiled and analyzed socioeconomic data across multiple jurisdictions to inform European Commission policy positions.
 - Created visual maps for enhanced donor engagement.
- May 2022 — Jul 2022 **Canvass Supervisor, Georgia CAN** Atlanta, USA
Used geo-targeted voter registration databases to direct field strategy across multiple Atlanta districts. Led a team of 15-25 surveyors, managing 8,000+ voter contacts and maintaining data quality. Team recognized as most productive nationally; candidate won by over 2,000 votes.
- Oct 2022 — Jun 2025 **English Language Assistant, IES Alonso Quijano / Colegio Santa María la Blanca** Madrid, Spain
Designed and delivered English curriculum for groups of 15 students. Co-developed bilingual frameworks adopted school-wide.
- Created engaging lesson plans that improved student participation.
 - Facilitated workshops to train teachers on bilingual methodologies.
 - Assessed student progress and tailored instruction to meet diverse needs.

EDUCATION

- Sept 2025 — Feb 2027 **Masters in Smart and Sustainable Cities, Universidad Complutense de Madrid** Madrid, Spain
Relevant coursework: Urban mobility & intelligent transport · Smart city resilience · Geospatial data analysis. Academic projects: Flood risk and urban resilience analysis — Logroño, Spain (ArcGIS Pro, hydrological modelling), Hospital accessibility diagnostic for Atlanta, GA — modal split analysis and E2SFCA spatial accessibility scoring.
- Aug 2018 — May 2022 **BA Political Science & International Affairs (Double), University of Georgia** Athens, USA
Coursework in urban political economy, regional development policy, public administration, community engagement, and quantitative research methods.

CERTIFICATES AND TRAINING

- Feb 2025 — April 2025 **QGIS & GRASS – 80-hour professional course, TYCGIS Group** Madrid, Spain
- Jan 2022 — May 2022 **Teaching English as a Foreign Language (TEFL) – 150-hour training, Council on International Educational Exchange** Athens, USA
